

## OCCA Love and Help Activities

The OCCA launched Love and Help Activity on February 4th. We have helped shopping and necessary errands for many returned travelers in airport transport and quarantines at home which benefit local communities in Covid19 epidemic prevention and reflected our sense of social responsibility.

We will continue help return travelers and expand to help the elderly at high-risk in the Covid-19 pandemics, with financial assistance from Service Canada / New Horizon for Seniors Program and our devoted volunteer team.

The services are currently available in the neighborhoods of Rutland, Springfield & Spall, Kelowna downtown, Upper Mission, Kettle Valley, Glenmore, Westbank and Peachland. For details, please visit our website: [www.occabc.ca](http://www.occabc.ca)

We encourage our volunteers to approach needy in their neighbourhood and those needing help to allocate neighbour who can help. The deposit can be waived by the volunteer. The OCCA will provide personal protective items and vehicle allowance in the same way to all. Being united together, we will win this battle in the pandemic prevention.

Great thanks to Mr John Yan, Mr Bin Dong and Ms Susan Feng for generous donation of masks and to T & Tina for donation of face shields.
